

STO AR Brick Project Scope

A user views the room through the tablet camera. He can choose between multiple color options, and taps on a wall to see it overlaid with the chosen brick texture. Tapping the wall again removes the texture (unless the color has changed, then it replaces it with the new color).

Scan the QR code above to view an interactive demo of the app. It can be viewed on both mobile or desktop. If you are unable to scan, visit marvelapp.com/1f196g5/
